

BALL VALVES

TGV-20 FULL BORE BALL VALVE

APPLICATION AREAS

Hot and cold water supply and distribution lines
 Non-acidic and non-alkalic liquid pipelines
 Non-flammable liquid pipelines
 Shipbuilding
 Paper mills

PRODUCT FEATURES	
Body and Cover Material	Cast Iron GG-25
Ball Material	Stainless Steel AISI 304
Ball Seat	R-PTFE (15%)
Gasket	PTFE
Connection Type	Flanged
Nominal Pressure (PN)	6/10/16 bar
Max. Operating Temperature	120°C

DIMENSIONS		FLANGED (DN)	
DIMENSIONS	DN40 all sizes available in between DN200	DN125 and above diameters come with gear box	

BALL VALVES

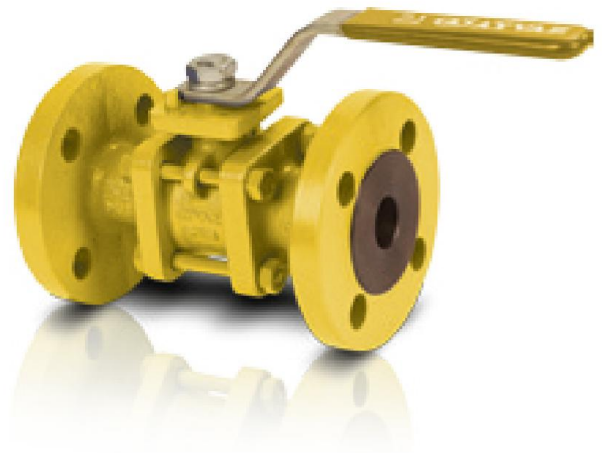

TGV-30 3-PARTIAL BALL VALVE FOR COMBUSTION GAS

APPLICATION AREAS

Natural gas supply and distribution lines
 LPG-LNG lines
 Fuel-oil pipelines
 Heating, air-conditioning systems
 Food industry chemical industry

PRODUCT FEATURES	
Body and Cover Material	Ductile Iron GGG 40.3
Ball Material	Stainless Steel AISI 304
Ball Seat	R-PTFE (15%)
Gasket	PTFE
Connection Type	Flanged
Nominal Pressure (PN)	40 bar
Max. Operating Temperature	200°C
